

Overview

With the C5 Clam, Secabo has the right transfer press for entry into textile finishing and other transfer technologies. With the folding press all common hot transfer methods (flock, flex, sublimation, etc.) can be performed. With the digital controller for temperature and time, the desired settings can be made quickly and easily. The pressure is adjusted via a handy handwheel. The Secabo C5 Clam has a working surface of 38cm x 38cm.
