

Bamboo Gloss Baryta

Natural Line

305 gsm, 90% bamboo, 10% cotton, natural white

Product Description

Hahnemühle Bamboo Gloss Baryta sets a new standard as the world's first FineArt inkjet paper crafted from 90% bamboo fibres with a premium high-gloss baryta inkjet coating. The natural white paper comes in a pleasant, warm shade of white and contains no optical brighteners. Combined with its lightly textured surface, Hahnemühle Bamboo Gloss Baryta offers a natural looking aesthetic with the look and feel of an analogue baryta paper. The high-gloss premium inkjet coating delivers outstanding print results with defined reproduction of colour and details, deep blacks, and striking contrasts. The additional barium sulphate in the coating enhances the prints tonal range, sharpness, and clarity. Hahnemühle Bamboo Gloss Baryta is acid- and lignin-free and meets the highest standards for age-resistance. The unique blend of sustainable bamboo fibres, soft surface texture, and remarkable print quality infuses artworks with unparalleled expression and depth.

Applications

Photographic and fine art reproduction complying with highest archival standards, digital art, colour photography, limited edition prints, presentation prints for display purposes and exhibitions, albums, greeting cards, etc.

Technical Specifications

papergraphics

After over 15 years of selling Hahnemühle FineArt products overseas, we are thrilled to finally bring Hahnemühle FineArt products to the UK. Founded in 1584, Hahnemühle is considered by many to be the Rolls-Royce of paper manufacturing, with an emphasis on traditional values combined with modern technology. Hahnemühle's papers are chosen by artists across Europe for their exacting standards and ability to meet all creative demands.

If you'd like to know more about the availability of Hahnemühle's FineArt products or would like to discuss your projects needs with one of our experts, **please call the team at Papergraphics on 0345 1300 662**
