

# Hemp

## Natural Line

290 gsm, 60% hemp fibre, 40% cotton, white

## Product Description

The Natural Line focuses on FineArt inkjet papers made from unique raw materials: bamboo, hemp and agave, helping to save valuable resources and protect the environment. Hemp – a white paper with a smooth surface texture – is made from 60% hemp fibres and 40% cotton and guarantees archival standards. With its premium matt inkjet coating, Hemp meets the highest industry standards regarding density, colour gamut, colour graduation and image sharpness while preserving the special touch and feel of genuine art paper. Compatible with pigmented and dye inkjet systems.

## Applications

Photographic and fine art reproduction complying with highest archival standards, digital art, black & white and colour photography, limited edition prints, presentation prints for display purposes and exhibitions, albums, greeting cards etc.

After over 15 years of selling Hahnemühle FineArt products overseas, we are thrilled to finally bring Hahnemühle FineArt products to the UK. Founded in 1584, Hahnemühle is considered by many to be the Rolls-Royce of paper manufacturing, with an emphasis on traditional values combined with modern technology. Hahnemühle's papers are chosen by artists across Europe for their exacting standards and ability to meet all creative demands.

If you'd like to know more about the availability of Hahnemühle's FineArt products or would like to discuss your projects needs with one of our experts, **please call the team at Papergraphics on 0345 1300 662**
