

Photo Silk Baryta X 310

310 gsm, 100% α -cellulose, white, silky-gloss

Product Description

Photo Silk Baryta X is a cellulose paper with an optimised inkjet coating for photo application, it is perfectly suited for photo and poster prints. The baryta coating gives the impression of a traditional silver halide photo paper. The smooth, creamy white paper with its silky gloss finish produces a very good print quality, ensuring the best results for daily printing.

Applications

Daily printing, photo & poster prints.

Technical Specifications

	Unit	Valuation	Based on Test Norm / Notes

papergraphics

After over 15 years of selling Hahnemühle FineArt products overseas, we are thrilled to finally bring Hahnemühle FineArt products to the UK. Founded in 1584, Hahnemühle is considered by many to be the Rolls-Royce of paper manufacturing, with an emphasis on traditional values combined with modern technology. Hahnemühle's papers are chosen by artists across Europe for their exacting standards and ability to meet all creative demands.

If you'd like to know more about the availability of Hahnemühle's FineArt products or would like to discuss your projects needs with one of our experts, **please call the team at Papergraphics on 0345 1300 662**
